25X1	MEMORANDUM FOR:
	SUBJECT : DDS&T Cost Factors - Codeword Changes
	1 0
	 Our preliminary estimates for converting codeword indicators on computer output are as follows:
	A. NPIC - 1.3 man years over 3 months (Assumes new codewords are same length or shorter than old.)
	B. OD&E - 6 man months over 3 months (Assume all codewords are data base items.)
	All other DDS&T offices rely on ODP.
	2. At this time, these estimates are preliminary and have been informally collected. As the formal estimates are submitted, I will forward them to you.
	3. This entire memorandum in classified CONFIDENTIAL.
